1. Summary of Significant Account Policies and Going Concern

A. Accounting Practices

The accompanying financial statements of the Nassau Life Insurance Company of Kansas (“NKS” or the “Company”) have been prepared in conformity with accounting practices prescribed or permitted by the State of Kansas Department of Insurance (the “Department”).

For determining the Company’s solvency under the State of Kansas’s insurance laws and regulations, the Department recognizes only statutory accounting practices prescribed or permitted by the State for determining and reporting the financial condition and results of operations of the Company. The State of Kansas has adopted the National Association of Insurance Commissioners’ (“NAIC”) *Accounting Practices and Procedures Manual* (“NAIC SAP”), version effective January 1, 2001, NAIC SAP as a component of practices prescribed or permitted by the State of Kansas. The Insurance Commissioner has the authority to prescribe or permit other specific practices that deviate from prescribed practices. As of June 30, 2025, the Commissioner had not prescribed or permitted the Company to use any accounting practices that would result in the Company’s earnings or financial position to deviate materially from NAIC SAP.

B. Use of Estimates in the Preparation of the Financial Statements

No material changes.

C. Accounting Policy

- 1) No change.
- 2) Bonds generally are stated at amortized cost, except for bonds that are rated by the NAIC as a class 6, which are reported at the lower of amortized cost or fair market value. Amortization is calculated using the scientific constant yield to worst method.
- 3) No change.
- 4) No change.
- 5) No change.
- 6) Loan-backed securities are stated at either amortized cost or the lower of amortized cost or fair market value. The Company applies the retrospective method of valuing loan-backed and asset backed securities.
- 7) No change.
- 8) No change.
- 9) No change.
- 10) No change.
- 11) No change.
- 12) No change.

D. Going Concern

Management has evaluated the Company’s ability to continue as a going concern and concluded that there is not substantial doubt about the Company’s ability to continue as a going concern.

2. Accounting Changes and Correction of Errors

No material changes.

3. Business Combinations and Goodwill

No material changes.

4. Discontinued Operations

No material changes.

5. Investments

A-C. Not applicable.

D. Loan-Backed Securities:

- 1) Prepayment assumptions for loan-backed securities were obtained from industry prepayment models or internal estimates. These assumptions are consistent with current interest rates and the economic environment.
- 2) The Company had no impairments based on the intent to sell or inability or lack of intent to retain the investment for a period of time sufficient to recover the amortized cost basis.
- 3) The Company had no other-than-temporary impairments for loan-backed securities held as of June 30, 2025, recognized because the present value of cash flows expected to be collected is less than the amortized cost basis of the securities.
- 4) Impaired securities for which an other-than-temporary impairment has not been recognized:

a. The aggregate amount of unrealized losses	
1. Less than 12 months	\$ 287,033
2. 12 months or longer	\$ 95,903
b. The aggregate related fair value of securities with unrealized losses	
1. Less than 12 months	\$ 1,683,727
2. 12 months or longer	\$ 1,762,160

- 5) All loan-backed and structured securities in an unrealized loss position were reviewed to determine whether an other-than-temporary impairment should be recognized. For securities whose present value of cash flows expected to be collected was less than the amortized cost basis of the security at June 30, 2025, an other-than-temporary impairment was recognized. The Company has evaluated its cash flow requirements and believes that its liquidity is adequate and it will not be required to sell other securities before recovery of their cost basis. As of June 30, 2025, the Company can assert that it has the intent and believes that it has the ability to hold these securities long enough to allow the cost basis of these securities to be recovered. The conclusions are supported by a detailed analysis of the underlying credit and cash flows on each security. It is possible that the Company could recognize other-than-temporary impairments in the future on some of the securities held at June 30, 2025 if future events, information and the passage of time cause it to conclude that declines in value are other-than-temporary.

Litigation and Regulatory Matters

The Company is regularly involved in litigation and arbitration, both as a defendant and as a plaintiff. The litigation and arbitration naming the Company as a defendant ordinarily involves the Company’s businesses and operations. In certain of these matters, the plaintiffs may be seeking indeterminate amounts, including punitive or exemplary damages.

The Company periodically receives informal and formal requests for information from various state and federal governmental agencies and self-regulatory organizations related to the Company’s products and practices. It is the Company’s practice to cooperate fully in these matters.

It is not feasible to predict or determine the ultimate outcome of all litigation, arbitration or regulatory proceedings or to provide reasonable ranges of potential losses. It is believed that the outcome of the Company’s litigation, arbitration, and regulatory matters are not likely, either individually or in the aggregate, to have a material adverse effect on the financial condition of the Company beyond the amounts already reported in these financial statements. However, given the indeterminate amounts sought in certain of these matters and the inherent unpredictability of litigation, arbitration and regulatory investigations, it is possible that an adverse outcome in certain matters could, from time to time, have a material adverse effect on the results of operations or cash flows in particular annual periods.
